PRODUCT CATEGORY

01 EMBROIDERED PATCHES

Stitched, textured and built to last – custom embroidered patches for brands, uniforms, teams and clubs.

Embroidered patches are the classic choice for logos and badges. Your artwork is digitized into a stitch file and sewn with polyester or rayon threads onto a twill base, giving a raised, textured finish that looks premium on apparel, caps, jackets and bags.

CUSTOMIZATION

- Thread colours
- Stitch coverage
- Custom shapes & sizes
- Logo digitizing

BORDER / EDGE FINISH

- Merrowed border
- Hot-cut / laser-cut edge

BACKING OPTIONS

- Iron-On Backing
- Sew-On Backing
- Velcro Backing

APPLICATIONS

- Clothing & streetwear
- Corporate uniforms
- Jackets & denim
- Caps & hats
- Bags & backpacks
- Clubs & societies

PRODUCT CATEGORY

02 SUBLIMATION PATCHES

Unlimited colours, smooth gradients and photographic detail – full-colour custom sublimation patches.

DESIGN ILLUSTRATIONS

Sublimation patches are produced by transferring your artwork into a polyester fabric with heat and pressure. Because the design is printed rather than stitched, there is no limit on the number of colours – gradients, shading and photo-style artwork reproduce cleanly.

CUSTOMIZATION

- Full-colour artwork
- Colour customization
- Custom shapes & sizes
- Fine detail

PRODUCT CATEGORY

03 WOVEN PATCHES

Thin, flat and precise – custom woven patches for fine detail, small lettering and clean branding.

DESIGN ILLUSTRATIONS

Woven patches are produced on a loom using fine threads, creating a flat, smooth surface with a much higher thread density than standard embroidery. That allows small lettering, thin lines and detailed logos to stay sharp.

CUSTOMIZATION

- Fine details
- Small lettering
- Thread colour customization
- Custom shapes & sizes

BORDER / EDGE FINISH

- Merrowed border
- Hot-cut / laser-cut edge
- Folded edge (label style)
